SONICWALL®

SONICWALL NETWORK SECURITY ADMINISTRATOR (SNSA) FOR SONICOS 7 TECHNICAL GUIDE

Course Description

SonicWall offers an extensive technical training curriculum for network administrators, security experts and SonicWall partners who need to enhance their knowledge and maximize their investment in SonicWall products and security applications.

The SonicWall Network Security Administrator (SNSA) for SonicOS 7 training curriculum is designed to teach students specific SonicWall network security technologies. The course will provide students with the skills to successfully implement and configure SonicWall firewall appliances and security services. SonicWall recommends this course for networking professionals responsible for the daily operation of one or more security appliances.

Once you have completed the **SonicWall Network Security Administrator course**, you are eligible to take the **SonicWall Network Security Administrator exam**.

Course Overview:

- Two days of instructor-led classroom training — 80 percent hands-on labs and 20 percent lecture
- Four hours of online learning pre-requisite modules
- Based on the recently released SonicOS 7 firmware

**How can you register for the SonicWall Network Security Administrator (SNSA) for SonicOS 7 Course?**

To register for a SonicWall instructor-led training course:

1. Go to SonicWall University and log in to your account. Select the SecureFirst login if you are a SecureFirst partner. If you are not a SecureFirst partner, select the MySonicWall login. If you do not have a MySonicWall account, follow the instructions to create one.

2. Click on List of ATPs to find a local training partner.

3. Click on **Access Website** to access the ATP's website to find and register for the class.

4. The Authorized Training Partner will provide the activation link to access the eLearning.

To access the SNSA certification exam:

1. Log in to your SonicWall University account.

2. The SNSA Exam page will be accessible through a link at the bottom of the eLearning course page.

3. You must complete the eLearning to activate the Exam access link.

4. If you did not pass the exam, you could purchase an additional attempt test key from the exam page at SonicWall University.

5. The SNSA exam is proctored. If you take and pass the exam, you will receive a notification within three business days with the final status of your exam.

6. Because this is a proctored exam, you will be required to take the exam on a single-monitor computer. Additional resources are not allowed.
